## Short Description

UNISEX

## Description

With a sleek and fast look, the Echelon helmet presents a compact profile on a rider's head. And with increased ventilation and an ergonomic design, you're guaranteed an exceptional fit, tremendous comfort, and ample ventilation. Accordingly, it's the ideal helmet for road cycling enthusiasts.

- Fit system is ANGi crash sensor ready.
- MIPS-equipped.
- Easy-adjust Headset SL II fit system with six height positions and micro-adjustable dial.
- 4th Dimension Cooling System optimizes ventilation.
- Composite matrix internal reinforcement allows larger vents for greater

cooling.

- Tri-Fix web splitter for improved comfort and ease of strap adjustments.
- Reflective decals for increased visibility to motorists in low-light conditions.
