**Brand:** Specialized  
**Product Code:** 64219-8601  
**Availability:** In Stock

**Price: \$119.99**

### Short Description

BLACK

### Description

When it comes to choosing the perfect pair of bib shorts, comfort is everything. And for anyone whose rides demand premium materials, superior fit, and cutting-edge technologies, the new RBX bib shorts are sure to be your jam.

We designed an open suspender fit and bib construction that's engineered to keep the shorts up and in-place without constricting the upper body. The stretchy elastic suspenders are uber plush and soft against the skin, and accommodate taller torso lengths with ease. Silicone-infused fabric cuffs, meanwhile, provide a gentle, secure hold on the legs in order to ensure the perfect, shift-free fit.

Our new Body Geometry Contour chamois also adds unrivaled comfort by

minimizing its total footprint and keeping only what's structurally necessary. This minimizes pressure on nerves and soft tissue, while also maintaining the optimal level of support.

- Soft and supportive four-way stretch fabric provides ample comfort and a soft hand.
- Soft mesh bib uppers with binding provide a comfortable hold.
- Silicone-infused fabric cuff provides a gentle, secure hold on the legs in order to ensure the perfect, shift-free fit.
- Articulated design ensures the perfect fit while in the riding position.
- Reflective elements increase your visibility to motorists in low-light conditions.
- UPF 50+ rating protects your skin from harmful ultraviolet rays.
- Single-density-foam Body Geometry Contour Chamois is pre-molded to match the shape of the body for exceptional comfort.
- Slim Fit feels like a second skin.
