BLACK

Description

When it comes to choosing the perfect cycling shorts, comfort is everything. Whether you're going fast or just cruising, it's important to know that you'll be comfy. For riders who want premium materials, superior fit, and technologies that you won't find anywhere else, the new RBX Shorts are the jam. The soft four-way stretch fabric and articulated design ensure a perfect fit, but where the real comfort comes is from our Women's Body Geometry 3D Chamois. It features a pre-molded shape that matches the curve of your saddle, reducing wrinkles and hot spots. Top it off with a super soft top sheet to reduce friction and you're left with all day comfort.

- Four-way stretch fabric provides ample comfort and a soft hand against the skin.
- Silicone-infused fabric cuff provides a gentle, secure hold on the legs in order to ensure the perfect, shift-free fit.
- Articulated design ensures the perfect fit while in the riding position.
- Reflective elements increase your visibility to motorists in low-light conditions.
- UPF 50+ rating protects your skin from harmful ultraviolet rays.
- Women's-specific Body Geometry 3D Chamois is pre-molded to match the shape of the female body for superlative comfort.
- Women's-specific Slim Fit with an 8" inseam (size Medium).
