Short Description

BLK/SUM BLU/HYP

Description

The rugged Pitch Comp is built to get you way out there and back on every adventure. We relentlessly refined the Pitch's handling for an exquisite balance of an agile, playful feel, with stability at speed, all in a proven frame design with durable performance parts.

THE SWEET SPOT

What to pick, the nimble 26-inch wheel size of the fast rolling 29er? Neither, we said. The sweetest spot for many riders, and trails, is right in between, so the Pitch rolls on 27.5-inch wheels that offer a 29er's confident handling in a tighter, lighter package.

STRENGTH AND GRACE

The A1 Premium Aluminum frame is pretty much the definition of strong. But that doesn't mean it rides like a brute. Our engineers carefully optimized the shape of every tube to ensure it offers a smooth, comfortable, confident ride even on the bumpiest trails.

TOP-CLASS PARTS

Double-chainring Shimano drivetrain handles steep climbs with ease.

SR Suntour XCM suspension fork with Multi-Circuit custom damping.

Sure-gripping Ground Control Sport tires for reliable traction.
