### Short Description

PORTABLE TOOL

### Description

Nothing is worse than being miles into a trail when something goes wrong. But with our EMT MTB tool, you'll have your bases covered—all without weighing you down. This tool comes in at a respectable 144 grams, all without sacrificing the necessities like a wide range of Allen keys and Torx wrenches, plus a chain breaker. If you find yourself in a trail-side jam, the EMT MTB will almost certainly get you out of it.

- Low-profile forged aluminum side plates.
- Rust-resistant coating.
- 3, 4, 5, 6, and 8mm Allen keys.
- T25 Torx and #1 Phillips.

- Chain breaker.
- Weight: 144G
