Description

If you're commuting around town, working some fitness into your routine, or just exploring and having fun, the Espace series of bicycles will get you where you need to go. The Espace 4 features lightweight and efficient features such as an aluminum frame, Shimano Altus 3x7-speed drivetrain to get up hills, and larger 700c wheels that move with ease. The W's Espace 4 also offers a step-through option for added versatility.
