LOUIS GARNEAU MX 2

Brand: Louis Garneau
Product Code: 1A56592_3A3
Availability: Call for Availability

Price: \$799.99

Short Description

MATTE DENIM

Description

While great for banging around town, the MX2 also has an 80 mm fork with hydraulic lock up front to give you extra cushion off road. 700x40 mm WTB tires give you increased rolling capabilities for efficiency getting around town while also providing cushion and grip for off road excursions. Trying to tackle some steep climbs in your area? The MX2 has a huge gear range with three in the front and nine in the rear, so it will help you get up any steep terrain with ease. Hydraulic disc brakes will give you that extra stopping power for the trip down the backside of the hill too!

Geometry
