Short Description

Cast Berry/Mint Reflective

Description

The Ariel Sport will see you tackling workouts on either paved or dirt surfaces with equal confidence, and of course, you'll look good while doing it, too.

- Designed for women who want to mix adventure with fitness, the hard-working, sturdy A1 SL Premium Aluminum frame features our Women's Fitness Geometry, so you'll go faster with maximum efficiency, only without the discomfort of an aggressive ride position. The more comfortable you are, the longer you'll ride.
- An SR Suntour NEX fork w/ Fitness Brain technology features 55mm of coil-sprung travel that takes the sting out of bumpy terrain, while our Fitness Brain technology promotes more climbing and pedaling efficiency.

- Braking duties are handled by Tektro HD-305/310 hydraulic disc brakes to ensure effective, consistent, and reliable power through any kind of terrain or condition.
