SPECIALIZED ROUBAIX PRO

Brand: Specialized
Product Code: 0001-2150
Availability: In Stock

Price: \$69.99

Short Description ROAD TIRE

Description

The Roubaix Pro is an endurance road tire that's well suited for smooth and rough roads alike. That's because it's fast like any competitive road tire, only it features a bead-to-bead Endurant casing, plus our BlackBelt technology for puncture protection. Meanwhile, the casing smooths your ride and keeps you fresh, while the tread handles responsively over mixed terrain. It also features a slick center tread for low rolling resistance and shoulder sipes for increased surface adaption and grip.

- Casing: 120 TPI
