Description

With the Café 24 Deluxe, we thought of everything so you wouldn't have to. We began with a crisp-riding and lightweight aluminum frame and 24-speed drivetrain to take you anywhere you want to go. Then we added lightweight aluminum fenders to keep you dry in the rain, a kickstand to make parking easy, a cup holder to keep your java and a safety bell to make sure you're safe on the bike path. The rear rack and clip-on saddlebag give you a way to tote whatever you need while you're on the road. This bike will fit any lifestyle.
