## Description

Over the course of your rides, you've surely felt the call of a trail or two along the way. And as long as you're on an ill-equipped bike for the occasion, this call goes unanswered. That is until now. With the Women's Pitch Comp 27.5, you'll find a bike that features an even temperament for whatever kind of terrain you're up for riding. It has a light aluminum construction that's durable and compliant, while our Women's Sport Trail 27.5 Geometry ensures that you'll remain both comfortable and confident over any terrain. Add in corrosion-resistant hardware and plenty of front suspension, and you'll be ready to ride wherever your will takes you.
