SPECIALIZED VITAL PACK

Brand: Specialized
Product Code: 41117-1100
Availability: In Stock

Price: \$29.99

Short Description

BLACK

Description

The Vital Pack concept is pretty simple—conveniently organize and store your nutrition on the bike. To do so, it features easy-to-use straps that connect it to your top/steerer tube. So say goodbye to the days of contorting your body to absently fish through your jersey pockets for a bar. With a single glance, the mesh top of the Vital Pack enables you to survey its contents. But if your preference is more in-line with blindly grabbing on the go, say if you're packing multiples of the same bar or gel, our "no fuss/no look" magnetic closure will complement your style perfectly.

- Easily viewable phone display allows for a quick glance at maps as well as having a cover that's compatible with touchscreens.
- Magnetic latch securely holds all of your gear and allows for one-handed access.
- Organization for your credit card and identification.
- Dimensions (cm): 8.5 x 8 x 17
