Brand: Specialized
Product Code: 105232
Availability: In Stock

Price: \$29.99

Short Description

GRIPS

Description

The Specialized BG Contour Locking Grips are an extremely comfortable, triple-density ergonomic grip that is anatomically designed to help cyclists ride longer by reducing hand numbness and fatigue. Suitable for commuting or MTB, these Body Geometry grips are offered in a men's/unisex size or in a smaller diameter women's version so you can get the best size to fit your hands.

- Higher-density inner core for secure bar attachment
- Flexible, ergonomically-shaped platform absorbs shock and disperses pressure
- Medium-density body for secure grip

- Medically designed by ergonomic specialist Dr. Roger Minkow to prevent Carpal Tunnel Syndrome and cycling-related numbness/weakness of the hands, known as Cyclist's Palsy
- Easily installed locking clamp with 3mm bolt head ensures secure attachment
- Softest density in key contact area to cushion the ulnar nerve
