SPECIALIZED TARMAC SL5 EXPERT DA 2018

Brand: Specialized
Product Code: 90618-34
Availability: In Stock

Price: ~~\$5,429.99~~ \$4,499.99

Short Description

Cosmic Black/White/Hologram/Clean

Description

The Tarmac Expert with Shimano Dura-Ace finds the optimal blend of value and performance and ups the ante.

Like the S-Works Tarmac iterations, it features a Rider-First Engineered™ design that applies specificity to every tube size and carbon layup for every frame size. This creates the optimal balance of rigidity, weight, and responsiveness, so every frame, regardless of its size, performs just as we intended. You'll also find an identical, Grand-Tour-winning geometry to past Tarmacs, plus a high-end FACT 10r carbon fiber construction.

To top off this legendary frame, the Expert features a full Shimano Dura-Ace 9100 groupset, Roval SLX 24 rims laced to DT Swiss hubs, and a bevy of Body

Geometry components that maximize performance by providing the utmost in comfort. It's everything you need to take your racing to the next level, and more than enough to bag some PRs along the way.

Specifications

Component	Specification
FRAME	Specialized Tarmac SL5, FACT 10r carbon, Rider-First Engineered™, compact race design, 1-3/8" lower bearing, threaded BB, 130mm spacing
