SPECIALIZED LANGSTER ATLANTIS 2017

Brand: Specialized
Product Code: 90717-71
Availability: In Stock

Price: ~~\$1,249.00~~ \$799.99

Short Description

Atlantis

Description

The Langster Atlantis takes bike design to an entirely new level. It has all of the performance features that the Langster is known for, like a stiff A1 Premium Aluminum construction and an aggressive track geometry, only its aesthetic is inspired by the world of steampunk. This means that it has a beat-down, rusted look with classic leather finishes. Goggles and top hat are not included.

- A1 Premium Aluminum frame with track-specific geometry has fully manipulated tubing and impressive overall stiffness, making the Langster a formidable threat on both the track and the streets.
- Specialized FACT carbon fork increases front end rigidity, while also providing excellent steering response for the unique demands of the

track.

- Axis Elite Track wheels deliver the no-holds-barred rigidity required of track racing, feeling like they're slicing the razor's edge when it comes to throwing down a sprint.

Geometry

	46.0	49.0	52.0	54.0	56.0	58.0	61.0
STACK	480mm	488mm	503mm	517mm	537mm	556mm	573mm

Specification

Components	
Bottom Bracket	Square taper
Brake Levers	Standard
Cassette	17t track cog, thread-on, steel lock ring
Chain	KMC Z510HX, single-speed
Chainrings	48T
Crankset	144mm BCD spider, alloy crankarms
Forks	FACT carbon fiber
Frame	Specialized A1 Premium Aluminum, Track Geometry, fully-manipulated tubing, compact design, integrated headset
Front Brake	Tektro, dual-pivot, long reach
Grips/Tape	Wood
Handlebars	Langster
Pedals	N/A
Rear Brake	Tektro, caliper, long reach, dual pivot
Saddle	Leather spring saddle
Seat Binder	Alloy, 31.8mm
Seat Post	Alloy, 12.5mm offset, 2-bolt clamp, 27.2mm
Stem	3D-forged alloy, 7-degree rise
Wheels	
700	

Front Tire	Turbo Cotton, 700x24mm
Front Wheel	Axis Elite Track
Inner Tubes	700x20/28mm, 40mm Presta valve
Rear Tire	Turbo Cotton, 700x24mm
Rear Wheel	Axis Elite Track
Fit	
Mens	46, 49, 52, 54, 56, 58, 61 cm
